

hope that you also would lend your support to this resolution. Thank you.

SENATOR CROSBY: Thank you, Senator Hudkins. LR 70.

CLERK: LR 70 offered by Senator Bohlke found on page 1038 of the Journal.

SENATOR CROSBY: Senator Bohlke.

SENATOR BOHLKE: Madam President and members, I rise with my resolution congratulating the Adams Central girls basketball team in the C-1 tournament. This is the first state championship ever for Adams Central, and I am, indeed, proud that it is brought to the school by the girls basketball team. I think that that probably hasn't happened very often, that the first state championship ever has been brought to a school by a girls team. This was a team that did not have a very good record as freshmen. People paid little attention, and by the time they were seniors, they had an outstanding team and they are very excited. The community is excited, and so I would offer this resolution to the body. Thank you.

SENATOR CROSBY: Thank you, Senator Bohlke. We will now have discussion on any or all of the resolutions. Mr. Clerk, do you have something on...

CLERK: Madam President, I have a motion with respect to LR 65. Senator Chambers, I assume you would like me to read the amendment. Senator Chamber would move to amend by adding a new resolve in LR 65. The resolve would read as follows: That Senator Chambers, the best known Chambers in Nebraska, is hereby declared to be the official Godfather of the Chambers team.

SENATOR CROSBY: Thank you. Senator Chambers.

SENATOR CHAMBERS: Madam President, Mr. Clerk, members of the Legislature, Senator Dierks, I couldn't resist that little attempt to plug my name in addition to the way it is being plugged on the resolution. This is one of those that I must support 100 percent, and I will withdraw that offering, but it was one of those things that I simply could not resist. But I won't do it before Senator Dierks has a chance to address it.

SENATOR CROSBY: Thank you, Senator Chambers. Senator Wesely,
